**Amendment Introduced in Ottawa House Grants Further Extension of Time**

**GOVERNMENT HAS DEALT UNFAIRLY WITH SOME**

**Hon. Robt. Rogers Give Assurance That This Will Be Last Extension Granted**

By Bulletin Leased Wire.

Ottawa, April 30.—The house put in another good day's work and adjourned early in view of the holiday tomorrow. The session has been a matter of members desiring to get away. The majority of them will not return until Monday, so that the proceedings in the Commons on Friday were also likely to be quiet.

During the afternoon a resolution authorizing the government to acquire and construct lines of railway was introduced by Hon. Frank Cochrane, the minister of railways, in connection with the taking over of a number of L.C.R. lines. The opposition, however, was so unanimous and so indefinite as to its terms, and some other discussion, the government withdrew the resolution and presented another that was more to its own satisfaction. The bill based on the resolution in the Commons was referred to a committee. The bills comprising the Quebec and Vancouver harbors were advanced a stage and stand for third reading.

At the evening session the bill to amend the volunteer militia act was advanced a stage and stand for second reading. It extends the time for the location of script until October 31.

**Death of Mr. Wm. Peacock.**

Hon. Frank Oliver said that the government, in extending the time in 1912 had dealt unfairly with a number of members who had been sent to the land by forcing them to surrender their script for a cash contribution. He said that the government had led to a form of speculation which was not desirable and had caused a loss of thirty thousand dollars to the government. The money is awarded to the aviator making the longest flight in a straight line between sunrise and sunset of the one day.

Extreme Irish and Labor Leaders, as Well as Suffragettes, Write to America

**PEACE MISSIONARIES NOW NEARING AMERICA**

Some Suffragettes and Labor Leaders Denouncing Carnegie Peace Foundation

By Bulletin Leased Wire.

London, April 30.—The British delegation that is to visit the United States for the celebration of the Anglo-American peace centenary may encounter some hostile demonstrations. Extreme Irish and labor movements are advising their American friends to exercise extreme caution in meeting the peace commissioners. Suffragette leaders are appealing to American women to denounce the Carnegie peace foundation.

The movements are to meet on May 12 in New York, and on May 13 in Boston.

**Spencer, Defeated, Makes Wild Charges of Irregularities**

Applies to Judge Winter to Lay Complaints Against Returning Officer and Deputies

By Bulletin Leased Wire.

Toronto, April 30.—Major Nelson Spencer, of Medicine Hat, has called on the attorney general to lay charges against Hon. W. H. Hanna and Sir James Whitney, although the former has already been arrested on charges of perjury against the returning officers in Medicine Hat in connection with alleged irregularities.

Mr. Spencer has a sheet of affidavits purporting to show that at least three disputed ballots which were cast in the polls on May 12 were removed from the polls and the time of the election.

It is also alleged that the returning officer acted literally in considering the ballot boxes as closed when they were never submitted to any court of inquiry to prove their votes were valid.

**Carnegie's Hide Park.**

The English aviator will hold meetings as they are his present on May 12 in Hyde Park. Representatives of the peace commission will be present.

After the meetings, the aviator is to meet with the president of the American Anti-Suffrage Association.

He is also to meet with the president of the National Council of Negro Women, and with the president of the National Council of the League of Women Voters.

**Failed in Attempt.**

Compiègne, France, April 30.—Ed. Gilbert, a French aviator, attempted to fly from Paris to Compiègne, in the department of Aisne over the English channel and started his engine at 10:30 a.m. After flying a distance of 250 miles, however, the aviator was obliged to descend at Compiègne, where he ended his flight.

# WEATHER HAS BEEN GOOD FOR SPRING WORK

The Crop Prospects Throughout Province Are Exceedingly Bright

**10,000,000 BUSHELS OF GRAIN IN FARMERS' HANDS**

**Are Holding for Higher Prices—Final Crop Report for 1912**

Crop prospects for Alberta, according to the officials of the provincial branch of Agriculture, are exceedingly bright. The sowing so far has been very favorable to the farmers, who are now well along with their spring work, and the ground is in excellent condition for ploughing, sowing or seedling. According to the records, the total ground sown in the southern part of the province was rather too dry, but at the present time it is in an excellent condition.

## Seed Well Advanced.

It is estimated that in the southern part of the province 90 per cent. of the grain has been sown, and north of Calgary the seeding is not so far advanced. Spring wheat is practically all in now and oats and barley are also well along. In the northern half of the province, the sowing for the present part of the year was rather too dry, but at the present time it is in an excellent condition.

## Holding Their Grain.

Spring wheat is in some places and its growth is good, but there is little to the early weather, but there has not been enough frost to do any damage. The grain market is holding a large amount of grain, probably ten million bushels, at present, unmarketed, and the farmers are holding it for a better price.

## Crop Figures for 1912.

The final crop report for 1912 in Alberta has just been completed by Charles H. Douglas, M.P., head of the statistical branch of the Department of Agriculture. It shows that the total acreage in crops for 1912 was 2,393,725, an increase over the 1911 acreage of 1,911 of 658,531. The 1912 crop yield is 94,462 bushels per acre, which is about the same as the C.N.R. Crop figures have always been regarded as a staunch friend of the railways.

## J. M. DOUGLAS, M.P., IS HOME ON VISIT

Says That Opposition Will Force Government to Use Closure on Naval Licenses Despite Premier Borden's Aversion to Do So Even Now

Mr. J. M. Douglas, M.P., arrived yesterday from Ottawa, where he spent a few days in the city on business and then returned east for the vacation. When viewed by a Bulletin reporter, he stated that the heaviest business of the session will be to handle with dispatch in order to conclude the session by May 1st.

The naval question is the main issue, and Mr. Douglas stated that the opposition are determined to have the closure bill introduced as soon as possible.

Mr. Douglas stated further that in addition to the naval question, the fact that the passing of the closure rules could be come to a conclusion.

In this they will be disappointed as Sir Wilfrid and his followers intend forcing the closure bill through.

## HIGH LEVEL TO BE FINISHED BY FIRST OF JUNE

Superintendent Price States Big Bridge Will Be Ready By That Date

### JASPER AVENUE SUBWAY OPEN END OF MAY

Payment of Bill of \$75,000 for Bridge By City Urged By Price

The high level bridge will be completed before the first of June or in one month's time, and that the Canadian Pacific Railway will be able to move the traffic across June 1st over the bridge during June 1st is the statement made by General Superintendent Price of the railway company at a public meeting. Mr. Price was in town yesterday and spent a great part of the morning in an interview with the mayor and other leading citizens. Among the matters discussed were the main high level bridge, the temporary station and the local street cars.

There was every prospect in his statement that the big bridge would be completed by the first of June, and that the cost would be under 100 per cent of all the work on the main structure now has been done, and more than enough work has been done to complete the bridge as the ground. Just as soon as the two piers that are being built are completed, the bridge will be more, it will not take more than a week or two to complete the steel work which is to be used in the building of the bridge, and when the steel work is completed, the street cars will be able to run over the bridge, and individual the approaches are complete. The traffic deck is not nearly ready yet.

In answer to a question, Commissioner Chalmers stated that the Jasper avenue subway would be opened by the end of May. Another temporary station to be used by the C.P.R. will be ready in June sometime, and the main high level bridge will be completed in the month of June.

Another little matter, in which the city has been instrumental in taking immediate action, was in passing the city's subtitle. Mr. Price had a bill for some \$12,000.

### SAYS TRIBUTE TO LATE SIR RICHARD SLOTT

Hon. Senator Chalmers received the tribute of deceased Senator and former premier Sir Richard Slotte from those who had been a Member of the Senate Who Had Rendered such Continuous Service

April 28.—The Senate received the tribute of deceased Senator and former premier Sir Richard Slotte from those who had been a Member of the Senate, with the exception of Senator MacKenzie, who had died recently. It was however stated during the six months from distinguished places in parliament and elsewhere had been brought to the notice of life senator Slotte had always reached his fifth decade. Most recently he had just turned 80 years of age. He had been a member of Parliament for 20 years, and afterwards became Governor and largely due to his activities in the field of politics and business.

Mr. Lougheed presented the 2000 pounds of Sir Richard Slotte and said that not since confederation had there been a member of the senate who had rendered such continuous service. He had died while he carried into his public activities the spirit of the West. His vast experience, clear mind, and exceptional memory were constant features of his life. His death had prevented the country from full realizing his activity and usefulness.

Mr. Sanderson, in responding to Senator Davids' action to convey his tribute to the public, said he did not know whether any method of improvement could be adopted to meet the situation.

Violent, La., April 29.—Clouds from the Gibson Landing crevices in the Louisiana levees twenty-five miles west of New Orleans have inundated hundreds of persons and thousands of head of cattle being held in pens near the river. The known loss of life in this section is confined to two negroes. More than 5,000 persons have been saved from drowning with the help of flat-bottomed boats, which were fully inundated and within another week, is expected the United States Army will be here to assist in removing the dead.

There are 2,500 refugees in the city, and the number is increasing daily.

Twenty-five persons are arriving on every steamer sent out by the relief corps.

The pioneer in sending this notice to the Lord Mayor recommended that an appeal be made to the public for funds given to the Gibson Landing.
